

## AFGHANISTAN ENERGY STUDY

### SECOND TECHNICAL COMMITTEE MEETING

October 3, 2016  
09:00 – 02:00 pm  
World Bank, Kabul, Afghanistan

The purpose of the Afghanistan Energy Study is to conduct a comprehensive assessment of the energy sector, and to inform investments that aim to increase accessibility to affordable and sustainable energy. The study is expected to last until 2018. During this Second Technical Committee Meeting progress of the study will be tracked, and the Government Committee will provide direction for the way forward. The meeting will discuss the current status and the Work Plan for the Afghanistan Energy Study for the next year.
