### DESCRIPTION

#### 1. What is the Development Objective (or main objective) of this Grant?

The development objective of the proposed activity is to support the Government of Indonesia (GoI) in developing an implementation framework and roadmap for undertaking a series of utility-scale solar PV auctions to demonstrate the level of solar PV prices that can be achieved through a well-structured auction with optimized risk allocation. Specifically, the activity will support the preparation of a solar auction roadmap for Java-Bali.

#### 2. Summary description of Grant financed activities

#### 3. (Optional question) What can/has been done to find an alternative source of financing, i.e. instead of a Bank administered Grant?

#### 4. What are the main risks related to the Grant financed activity ? Are there any potential conflicts of interest for the Bank? How will these risks/conflicts be monitored and managed?
