DESIGNED!

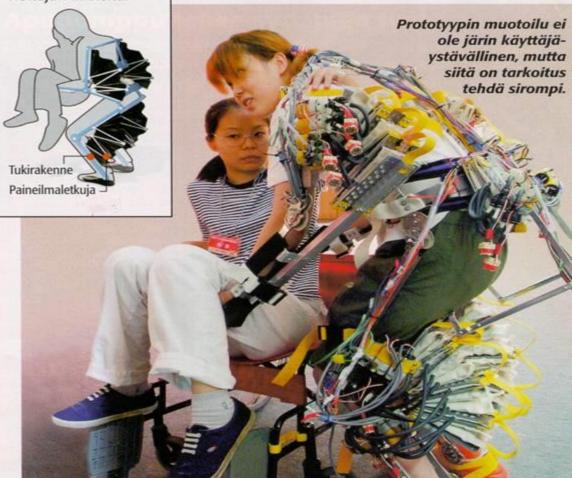

Puvun paineilmakäyttöiset toimilaitteet tukevat hoitajan liikkeitä. kohdalla käyttäjän lihasten liikkeitä vahvistavat paineilmakäyttöiset toimilaitteet.

Puvun ohjausyksikkö laskee käyttäjän lihaksiin yhdispainaa 18 kg eikä ole erityise kätevä, mutta Yamamoto u koo, että lopullinen malli sa daan sirommaksi ja ainak puolta kevyemmäksi.

ANGRY ERDS WITH SPECIAL ACTURES

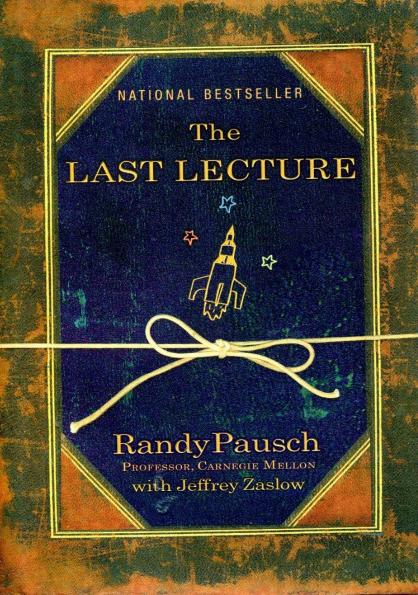

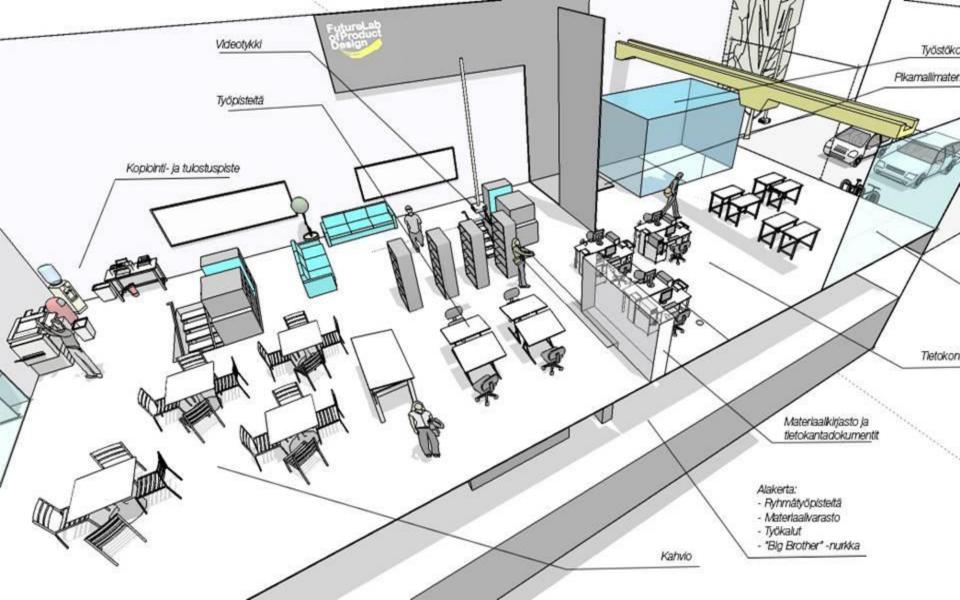

(Reuters) - Companies should get more involved with university courses

"Employers, education providers, and youth live in parallel universes," the McKinsey report found.

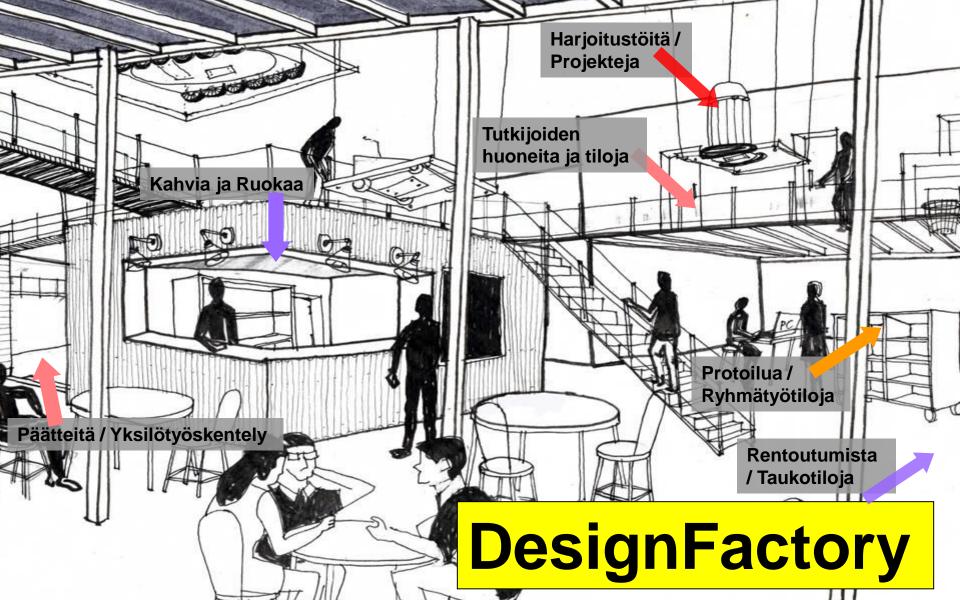

"They have fundamentally different understandings of the same situation."

04.12.2012

An experimental co-creation platform for education, research and application of product design

"To Educate the World's Best Product Designers."
