-

Thematic areas

In Renewable Energy Sector (RES)

- In the field of Renewable Energy (RE):
 - **Renewable Energy Services in Education and Training (RESET)**
 - **Cooperation with GIZ**
 - **component of the project GREEN AGENDA: DECARBONISATION of the Electricity Sector in the Western Balkans,**

 - Two pillars:
 1. **Recommendations to TVET decision makers to accelerate the Labour market and energy developments for RE**
 - Project objective 1: To create a common understanding between the policy makers in the business and ET sector regarding the **opportunities and needs** that come as the result of increased development of the renewable energy (electricity sector)
 - Project objective 2: To create a common **action plan and set of recommendations** for the gradual increase of the RE energy sector professions in the WB
 2. **Raising awareness and promoting TVET/education for Renewable Energy Services**
 - Project objective 3: The relevant target groups are included in information and **awareness raising campaign** and informed about and aware of the relevance of the RE sector and possibilities it offers in Education and Training and business
-

PILLAR 1

Recommendations to TVET decision makers to accelerate the Labour market and energy developments for RE

- Regional conference for the presentation of the LM and ET studies
- **Preparation of material for the learning content in RE**
- Recommendations for regionally uniform learning content
- Action plan for further development of RE in VET

PILLAR 2

Raising awareness and promotion TVET for Renewable Energy

- Regional conference for raising awareness on relevance of RE
 - National events for schools and adult education institutions – promotion and advocating for RE and gender equity
 - PR and regional press work
-
