

AFGHANISTAN ENERGY STUDY

4th Afghanistan Energy Study Committee Meeting

November 13, 2018
10:00 am – 01:00 pm
World Bank, Kabul, Afghanistan

The purpose of the Afghanistan Energy Study is to conduct a comprehensive assessment of the energy sector, and to inform investments that aim to increase accessibility to affordable and sustainable energy. The study is expected to last until 2018. As part of the Afghanistan Energy Study project, The Geo-Spatial Working Group has been formed as an integral part of Component 4 (Least Cost Electrification Plan and Development of Investment Prospectus) of the broad Afghanistan Energy Study project. This working group consists of nominated officials Kabul Polytechnic University and Kabul University, Afghan Geodesy and Cartography Head Office (AGCHO), the Capital Region Independent Development Authority (CRIDA), the Afghan power utility DABS, the Ministry for Rural Rehabilitation and Development (MRRD), Ministry of Agriculture, Irrigation and Livestock (MAIL), and Ministry for Energy and Water (MEW).
